

# Safety Data Sheet

## ANTIFOAM 30037

### 1. Identification

---

**Product Name:** ANTIFOAM 30037  
**Generic Name:** Powder Defoamer/Antifoam  
**Use & Restrictions:** Antifoam / Defoamer  
**Manufacturer:** Manufactured for STANLEY STEEMER International, Inc. by  
Enterprise Specialty Products, Inc.  
400 Catherine St.  
Laurens, SC 29360

**EMERGENCY CONTACT:** Chemtrec: 800.424.9300

### 2. Hazard(s) Identification

---

**Hazard Classification:** This is not a hazardous chemical according to OSHA GHS regulation 29 C.F.R. 1910.1200.  
**Signal Word:** NA  
**Hazard Statement(s):** NA  
**Precautionary Statement(s):** NA  
**Prevention:** NA  
**Response:** NA  
**Storage:** NA  
**Disposal:** NA

### 3. Composition/Information on Ingredients

---

<u>Chemical name</u>	<u>CASRN</u>	<u>Weight %</u>
Non-hazardous product	-	-

### 4. First-aid measures

---

**Skin:** Wash exposed areas with soap and water. Remove contaminated clothing while washing continuously. Discard contaminated clothing and shoes.

**Eyes:** Flush eyes with gently flowing water for a minimum of fifteen minutes. Check for and remove contact lenses. Hold eyelids apart to ensure rinsing of the entire surface of the eye and lids with water. If irritation develops, seek medical attention immediately.

**Ingestion:** If swallowed, dilute with two glasses of water. INDUCE VOMITING ONLY UPON ADVICE OF A PHYSICIAN. Seek medical attention immediately. Never give anything by mouth if victim is unconscious or having convulsions.

**Inhalation:** Move victim to fresh air. Assist in breathing, if necessary, and seek immediate medical attention. Medical conditions possibly aggravated by exposure include asthma, emphysema and bronchitis.

## 5. Fire-fighting measures

---

### **Suitable (and unsuitable) extinguishing media**

This product will ignite when exposed to an ignition source while at a temperature at or above its flash point. Use water fog, carbon dioxide, dry chemical or foam or to extinguish flames. Water spray may be used to cool fire-exposed containers.

### **Hazards arising from product**

Thermal breakdown of this product will evolve toxic fumes and gases hazardous to health. Overexposure to the products of combustion may result in respiratory irritation.

### **Protective equipment and precautions for fire-fighters**

Wear self-contained breathing apparatus and protective clothing when combating a chemical fire in a confined area.

## 6. Accidental release measures

---

### **Personal precautions, protective equipment, and emergency procedures**

Several washes and/or the use of detergents may be necessary to completely clean any spill. The use of water with this product may make the floor slippery. Wear recommended protective equipment outlined in Section 8 of this document and provide adequate ventilation during clean-up.

### **Methods and materials for containment and cleaning up**

Spills should be contained, and placed in labeled containers for disposal. Material should be disposed of at a licensed facility. As supplied, this material is not regulated by RCRA or CERCLA.

## 7. Handling and storage

---

### **Precautions for safe handling**

Avoid dust formation and contact with eyes, skin and clothing. Avoid breathing dusts and use with adequate ventilation. Wash thoroughly after handling. Ensure that containers are properly secured prior to moving.

### **Safe Storage Conditions & Incompatibilities**

Keep container closed during any storage. Protect from moisture and foreign materials. Product becomes hygroscopic at 70-75% relative humidity. Keep away from heat, sparks, and open flames. Avoid direct sunlight. For optimum storage conditions, store between 20°F and 100°F.

## 8. Exposure controls/personal protection

---

**Engineering Controls:** Ventilate adequately to reduce dusts.

**Eye protection:** Safety glasses with side shields are recommended as a minimum, but chemical goggles or a face shield provide better protection.

**Skin protection:** Skin contact should be minimized. Wash all affected areas prior to eating and at completion of handling. Contaminated clothing should be removed at completion of handling. Impervious gloves (butyl, neoprene, nitrile), coveralls or apron and boots are recommended.

**Respiratory protection:** If proper ventilation is unavailable, use an NIOSH approved air-purifying respirator.

## SDS: ANTIFOAM 30037

### 9. Physical and chemical properties

---

Appearance:	White to off-white free flowing powder
Odor:	Mild Odor
Odor threshold:	ND
pH:	6.5 - 7.5
Melting point:	ND
Freezing point:	ND
Initial boiling point:	NA
Boiling range:	NA
Flash point:	>100°C (>212°F) Setaflash Closed Tester ASTM D3278
Evaporation rate:	NA
Flammability (solid, gas):	Non-Flammable solid
Upper/lower flammability or explosive limits:	ND
Vapor pressure:	NA
Vapor density:	NA
Relative density:	91.27 lbs/cu ft (Bulk Density, Loose)
Solubility(ies):	Dispersible in H <sub>2</sub> O
Partition coefficient: n-octanol/water:	ND
Auto-ignition temperature:	ND
Decomposition temperature:	ND
Viscosity @25°C:	NA

### 10. Stability and reactivity

---

Reactivity:	Non-reactive when used under normal conditions.
Chemical stability:	Stable when used under normal conditions.
Possibility of hazardous reactions:	Hazardous polymerization will not occur.
Conditions to avoid:	Dusting, extreme heat, open flame and spark.
Incompatible materials:	Strong oxidizing materials and alkali based materials.
Hazardous decomposition products:	Sulphur oxides. May also evolve chlorine gas when in contact with strong acids.

### 11. Toxicological information

---

#### Routes of Exposure & Effects

---

<b>Skin</b>	Acute:	May cause mild irritation resulting in redness and swelling. Skin absorption not likely.
	Chronic:	No chronic effects anticipated.
<b>Eyes</b>	Acute:	Exposure can cause mechanical irritation which may persist for several days.
	Chronic:	No chronic effects anticipated.
<b>Ingestion</b>	Acute:	May cause gastric disturbance such as nausea and/or diarrhea.
	Chronic:	No chronic effects anticipated.
<b>Inhalation</b>	Acute:	May cause respiratory tract irritation.
	Chronic:	No chronic effects anticipated.

#### Carcinogenic, mutagenic and reprotoxic information:

---

Reproductive Effects:	None Known
Mutagens:	None Known
Carcinogens(NTP, IARC, OSHA):	None Known

## 12. Ecological information

---

No data available at date of publish.

## 13. Disposal considerations

---

If product is discarded as supplied it is not considered a hazardous waste under RCRA, 40 CFR 261. Please dispose of in accordance with all local, state and federal regulations. It is recommended that the waste be incinerated or land filled at a licensed facility. Do not distribute, make available, furnish or reuse empty container except for storage and shipment of original product.

## 14. Transport information

---

**Department of Transportation:** Not Regulated  
**TDG (Transportation of Dangerous Goods):** Not Regulated

## 15. Regulatory information

---

### U.S. Regulatory Information:

**SARA 302 Threshold Planning** NA

**Quantity:**

**SARA 304 Reportable Quantity:** NA

**SARA 311/312 Categories:** NA

**SARA 313 Supplier notification:** As supplied, no chemical in this product exceeds the de minimis reporting level established by SARA Title III, Section 313 and 40 CFR 372.

**CERCLA** As supplied, no chemical in this product is subject to the reporting requirements of CERCLA.

### Listed on or exempt from the following national chemical inventories:

USA (TSCA)  
Canada (DSL)

## 16. Other information

---

**Date:** 3/11/20

### Legend:

**CASRN** Chemical Abstracts Service Registry Number  
**OSHA** Occupational Safety & Health Administration  
**PEL** Permissible Exposure Limit  
**ACGIH** American Conference of Governmental Industrial Hygienists  
**TLV** Threshold Limit Values  
**NA** Not Applicable  
**ND** Not Determined and/or No Data Available  
**NTP** National Toxicology Program  
**IARC** International Agency for Research on Cancer  
**SARA** Superfund Amendments and Reauthorization Act  
**CERCLA** Comprehensive Environmental Response, Compensation, and Liability Act  
**TSCA** Toxic Substances Control Act
